

COVENANT OF COOPERATION

We change the story of the world when we change the storyline.

Almost everything that happens in the world is not bad. It is neutral, and much of it is even good. But why do we hear only of the bad and the sad? Because bad news sells? This has made all of us feel negative, stressed, depressed, hopeless, and helpless.

No, we are not helpless! We can change the story of the world when we change the storyline -- from bad to good, from sad to happy, and from dark to light.

*We will have peace on earth
When we have Peace **with** the Earth.*

Together, we will look for good stories of people making peace *with* the Earth. Together, we will shine the spotlight on the good, the right, and the bright. Together we will walk this journey of a dream ... for a better and happier world.

Above the wild waves, the raging rain, and the clashing clouds of today's crisis of Life is the ... Golden Sun of Hope

This Covenant is open to anyone willing to join the journey. It opens for signature on August 18, 2020 - a most memorable year in the story of the world.
